NOTICE OF CONSTRUCTION

ROOSEVELT ROAD STREET BEAUTIFICATION PROJECT

Dear Roosevelt Road Business Owners and Residents:

This letter is to inform you that construction activity will begin the morning of **March 2, 2011**, weather permitting, along the north side of Roosevelt Road, from Harlem Avenue to Oak Park Avenue.

The scope of construction activity includes: construction of new storm sewer, removal and replacement of curb and sidewalk, asphalt pavement resurfacing, new street lighting, and, decorative landscape features.

Starting **March 2, 2011** the contractor will implement temporary lane closures for the construction of storm sewer. Starting **March 23, 2011** the contractor will install barricades diverting the eastbound and westbound Roosevelt Road traffic along the south side of the street. **Parking will only be available along the south side of Roosevelt Road from Harlem Avenue to Oak Park Avenue** during this phase of the construction project. Access to existing business parking lots will remain open to Roosevelt during the construction.

Parking restrictions will be relaxed along the first block of the side streets north and south of Roosevelt Road, however, **standard violations**, including but not limited to, handicap parking, fire hydrants, blocking crosswalks, overnight parking, and permit parking only areas, **will be strictly enforced**.

Please direct all questions, concerns, or complaints directly to **John Cashman**, Site Project Manager at **312-656-4774**. The construction office is located at 7003 W. Roosevelt Road in Berwyn. Field office phone number is **708-788-6106**.

For project information and construction updates log on to www.rooseveltroad.com.

Sincerely,

TERRA ENGINEERING, LTD., THE VILLAGE OF OAK PARK, THE CITY OF BERWYN, AND THE TOWN OF CICERO.
